60CM HIGH RESOLUTION SCREEN CE-50/38-02

The 60cm High Resolution Screen CE-50/38-02 is designed to serve a multitude of purposes. The CE-50/38-02 is a high resolution Projector Screen that can be used inside or outside the Chamber, reverse or front projection. It will produce a high resolution 9:16 ratio (wide screen). The CE-50/38-02 screen can also be used for HD as well as PC Projection for displaying documentation. This is a passive unit and does not require any power. For Topside use in air or mixed gas environments ie helium, oxygen and helium mixtures or 100% O₂ environments. The CE-50/38-02 can be left in Saturation Chamber indefinitely without causing any damage to the screen.

The CE-50/38-02 Screen is rated to an operating depth of 1,000MSW. It is opaque, distortion free acrylic, specially blended to give high resolution without any air entrapment. It can be fixed by utilising its 2 x 6mm holes at the top; one at each end.

The CE-50/38-02 Screen can easily be mounted by its 2 x 6mm holes or we can supply 2 x heavy duty magnets with 100mm ball joint stand-offs as an optional fixing kit.

The CE-50/38-02 Screen can be tailor made to suit individual requirements.

Features

60cm High Resolution Screen
1250 x 1250 screen resolution
Viewing angle: Typically 180° side to side
High brightness: Passive

Specifications

Display: 50mm x 380mm 20° corner radius
Resolution: 1250 x 1250 dependant on projector
Active Area: 130.6 x 97.3
Dimensions: 500mm x 380mm x 3mm
Weight: 700 grams
